April 2021

Dear Parents,

We hope all of you have been well during these very trying and exceptional times. We are very pleased that our teachers' efforts, along with your cooperation and push, have been successful in accomplishing one year's online learning for the students.

The next academic session is upon us. As the vaccinations progress steadily, the positive cases will reduce. By July we also expect school children's vaccinations to commence. Further, by that time you, as parents, as well as our complete staff, will have been vaccinated. Therefore schools will definitely start reopening in some form, with a steadily increasing number of students attending classes.

Regarding the fees charged by the school, only the tuition fees of 2019-2020 were charged from you during 2020-2021, despite all overhead expenditure that had to be borne by the school. For the year 2021-2022, initially only the new tuition fees, an increase of 10% over the last fees paid by you, will be charged. The Annual charges and Development fee will be charged later in the year, on a monthly pro-rata basis, as and when schools begin to reopen. Those who have already paid, will not be charged.

Kindly make note of the following:

- a.) The tuition fees will be charged monthly, to be paid latest by the 10<sup>th</sup> of every month.
- b.) Late payment will incur a late fee charge.
- c.) All students joining our institution in the session 2021-2022 will be provided a User ID and a password to enable them to access the fee payment portal.
- d.) Kindly contact the school office for any questions on: 011-2614-2270 and 011- 2614-9008, between 9am and 12 noon, on all working days.

We fully appreciate your situation during this pandemic. We are sure that you will appreciate the necessity of charging fees in order for all of us to go forward, for the purpose of your ward's future education.
