**April 2021**

Dear Parent

As per the directives of DoE, the school closed for the summer vacation from Thursday, 22 April 2021 and will reopen on Thursday, 10 June 2021.

It has become imperative for us to provide our young students engaging and productive co-curricular activities and academic work during the vacation. We wish to draw your attention to some important points which are as follows:

- The Holiday Homework will be uploaded on Google Classrooms on Monday, 03 May 2021. Some interesting assignments based on hands-on activities and academic related assignments on the theme of HAPPINESS will engage the students and bring their creativity to the fore-front.
- The **syllabus** for the session 2021-2022 will be uploaded on the school website by Friday, 28 May 2021.

We request you to guide and motivate your ward to attempt the Holiday Homework activities. Through these activities she/ he will learn new skills and use her/ his time productively. We also expect you to look up the Google group of your ward's class regularly for any updates from the school.

Best wishes for your safety and well-being,

Take care, stay safe
