CIRCULAR FOR CLASSES IV AND V

TIS/ VV/ 2021-22/025

June 2021

Dear Parent

Problem solving, critical thinking and mental agility are essential skills for the 21st century. Students need to excel at quick mental calculation to succeed in various competitions and examinations. The foundation of these skills is laid in the primary classes.

To introduce the students to Vedic Math and generate an interest in the subject, we are organising a **Vedic Math workshop for the students of classes IV and V on Monday, 28 June 2021 from 4.00 pm to 5.00 pm** on the ZOOM platform. We strongly recommend that your ward attends the workshop and logs in 10 minutes before it begins. A notebook and writing material should be kept handy.
