RESTORE OUR EARTH

"This planet is our one and only home.
We have no other choices. We must care for it."

We can restore our planet in following ways:

- Reduce, reuse and recycle.
- Volunteer for cleanups in your community.
- Conserve water.
- Climate sustainable.
- Plant trees.

WEBPAGE DESIGNING

AAROHAN WORLD DANCE DAY

29 APRIL

We thank all Tagoreans and their families for their overwhelming response to Aarohan #online to celebrate the International Dance Day on 29 April 2021. We present only a few glimpses into how the students expressed themselves to make this a gala occasion.

RABINDRA JAYANTI Celebrations

07 May

We celebrated the day in collaboration with our Chinese counterpart school. We share with you the tribute that Tagoreans have put together for the Bard of Bengal.

On 'Pachishe Boishakh' we remember Gurudev on his birth anniversary. A poet, philosopher, patriot, and a social thinker put in one, Tagore is one of the greatest revolutionaries India has produced. His words ring true all the more in the present times—"If you cry because the sun has gone out of your life, your tears will prevent you from seeing the stars."

INTERHOUSE COMPETITIONS

EXTEMPORE

Tagore International School, Vasant Vihar has always believed that good leaders must think out of the box and off the feet, be logically inclined and must have the ability to reason

creatively. With this thought in mind, Inter-House Competition for classes VI-VIII: Extempore was held on 23 April 2021 among 4 houses.

DEBATE

"The Devil's Advocate" (IX-XIII)

The Inter House Turncoat Debate Competition, for classes IX-XII, was held on 30th April 2021.

Two individual participants represented each house. The motion was provided on the spot and the participants had 30 minutes to research and prepare. Each participant had 4 minutes to deliver their speech, wherein they had to speak for the motion during the first two minutes and then against the motion for the remaining two minutes. The speakers put up sensible and valid points with respect to their topics. Their confidence, expressions and enunciation made their arguments more emphatic. The competition was an enthralling experience for everyone and was thoroughly enjoyed by the judges as well as the audience.

WORKSHOPS

Brain Development Workshop for classes 11 and 12 on 30th April

The session was about 'mindfulness' and 'mindful listening'. Ms. Dimple, the speaker did few activities related to senses that were engaging. She even gave life based examples to show what it is to be mindful and

what it is to be oblivious. In the beginning, she made students do mindful breathing exercises and some meditation which was very rejuvenating. She enlightened them on how mindfulness can help them focus and learn better.

Child Labour Survivors workshop in association with 100 million campaign by Kailash Satyarthi Group on 30 April

It started with some basic introduction of what child labour is and how the pandemic has effected poverty and number of child labourers to rise. They mentioned how youth could help these child labourers by spreading awareness through different means (social media, film-making, art work etc.) They stressed on one aspect and that was 'education', education is the birth right of every human being and this will help in eradicating child labour issue. The workshop was open to all campaign members and students of class 11. It enlightened the students to an issue faced world-wide and has motivated them to be change makers to put an end to child labour.

WEBINAR ON WETLAND CONSERVATION ON 24 APRIL

The Eco-club of TIS/VV organized an Environmental awareness webinar under the umbrella of activities of 'Bharat Ka Amrut Mahotsav'. The Webinar on Wetland Conservation was conducted in association with the Ecomap organization.

This talk show for our class VII students was held on April 24th, 2021 where students presented their learning on the importance of Wetland conservation in the form of infographics and posters.

WEBINARS

How Students Can Utilize Time at Home on 04 May

The session focused on introducing students to the various online resources that they could best make use of from the comfort of their own homes. While platforms like Coursera, Khan Academy, Udacity offer a variety of skill building courses, students could also look into apps like Duolingo, Code Academy, etc to meet their

specific needs. Mr. Chawla also shared various summer internships available for the students along with motivating books, movies, TED talks, and podcasts that could provide some direction. He also briefly touched upon the process for applying abroad and the importance of building your profile as early as possible.

AUGMENTED REALITY -- Workshop for students on 07 May

As a part of our continuous effort to innovate and create, we have collaborated with **ENpower** and **Snapchat India** to organize a workshop to showcase the

power of Augmented Reality (AR) & its impact on our world. It was a great opportunity for students to recognize and visualize the future possibilities of AR.

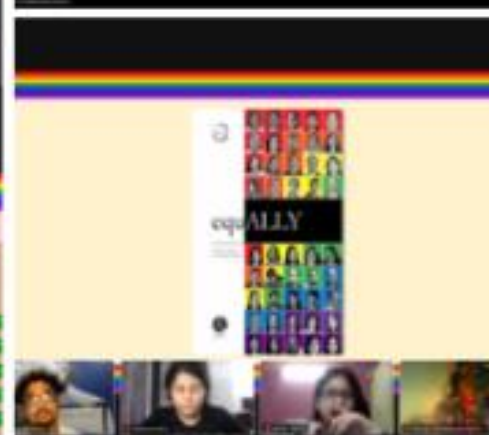

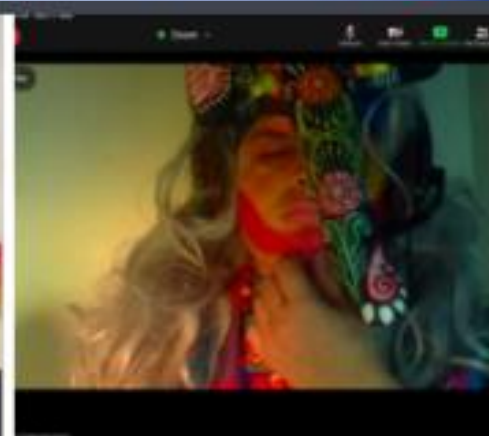

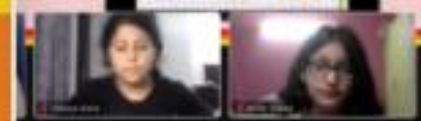

Observing International Day Against Homophobia, Biphobia and Transphobia on 17 May'21

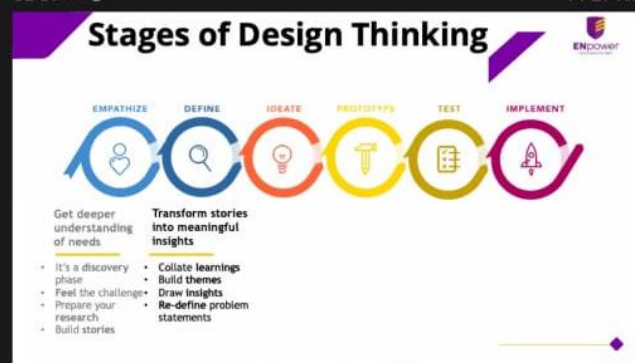

Members of the Breaking Barriers Campaign conducted a session for school students and their own new campaign members to spread awareness on Drag Queens, transphobia, biphobia and homophobia on the IDAHBT (International Day Against Homophobia, Biphobia and

Transphobia) on 17th May. The session was conducted in association with Keshav Suri Foundation where a Drag Artist was invited to read out a story, Elphie and the Dance Party. The session was interactive as it normalized the idea of gender identity.

A Workshop on 'Strategies Beyond Academics and Profile Building' on 07 May

Universities are no longer looking for just high academic scores. They look beyond academics, at the overall achievements to gauge the caliber of the student. Mr. Ritesh Jain walked out students through the importance of building a profile now so as to get a head start on their dream college. He discussed various strategies to enhance student profiles including but not limited to - summer programs, community service, virtual internships, and competitions. It was an extremely detailed and insightful webinar.

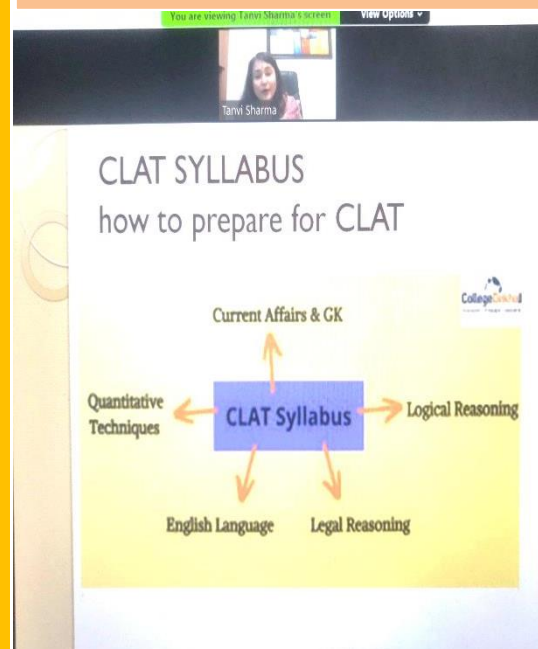

DESIGN THINKING Workshop for teachers on 28 May 2021

Design thinking is an innovative tool used worldwide of professionals in varying fields with a focus on co-creation of solutions involving multiple perspectives and highlighting unique methods of questioning which have 5w's, where what when where why and 1 h- how to help us align our solutions. The application of these methods can be in a wide range of spheres such as modifying student behavior, creating engaging curriculum or unique life circumstances.

CAREER WORKSHOP for Students interested in LAW

This webinar focused on introducing students to the opportunities that exist in the field of law and the pathway they need to choose to become successful. The webinar ended on an insightful Q&A session which was extremely beneficial for our students.

ACCOLADES

USHA RANI
INDIA

Ms. Priya Pal

Ms. Madhu Pathania

Our teachers, **Ms. Priya Pal**(TGT Hindi) and **Ms. Usha Rani**(TGT Sanskrit) , **Ms. Madhu Patahan**(TGT English) have won the prestigious **COAE Global Award for Virtual and Planning 2021- Teachers' Transformation Tech- Journey on 21 April** . It is the recognition of an educator's transformational journey towards virtual learning and innovative pedagogies

Saanvi Sharma of class V participated in the 9th All India Virsa Roots2Roots, Inter- School Competition and has secured 2nd position under solo dance category.

Ira Saxena from class VI C won the third prize in a virtual international drawing competition. The event was organized by School Alerts (a start-up recognized by the Department of Promotion of Industry and Internal Trade). The participation was from more than 2000 schools from around the globe (India, SEA, Middle East, US, UK, Africa and Europe)

Students shine at IGRAASP

Our students received appreciation for their enthusiastic participation in Weekly Quiz on India's leading news capsule for tweens.

Zarah Gupta has bagged **International Rank 1** with 100% score in **Math Olympiad** for class V. She is proud winner of a gold medal and gifts worth INR1000/-

Divya Sijwali of class XI has won full scholarship of \$950 for admission to the **GCI LEAD Challenge 2021**. The Admissions Committee was impressed by her application, including her social initiatives as a youth, leadership potential and academic achievements.

GCI is a one week intensive training program(26-31 July'21) on leadership followed by a nine month fellowship where she will get training to work on her social projects and implement them.

OUR CHESS CHAMPION

Somave Nath
Sawhney of class XII A won first prize in Under 18 chess tournament among 103 participants. The tournament was organised by ADD-ED India in association with the Action Committee. He has received an e- certificate and a cash prize of INR 15,000/-

Writing CHAMPS of Youth Writing Contest 2021 organized by Belongg

Divya Sijwali won the Essay Writing Competition. She wrote on the title – 'Importance of Inclusion in schools and why LGBTQ+ issues matter?'

Adya Aggarwal won the Poetry Writing Competition . The title of the poem was Logical Fallacy

Smayan Gupta of XA was adjudicated as the best speaker at a debating event organised by 'Behes'. There were 190 speakers in all from 8 cities. Behes follows a very competitive format of debating in which a participant needs to qualify many elimination rounds, to reach the finals. He would now be participating in Mahabehes on 27 June '21

DEBATOR PAR EXCELLENCE

STAY TUNED FOR THE NEXT ISSUE

THANK YOU
