CIRCULAR FOR CLASS II

TIS/ VV/ 2021-22/041

July 2021

Dear Parent

Tangrams are puzzles made by putting geometric shapes together. Like building blocks, they can teach students about spatial relationships enabling them to develop stronger logical skills. To challenge the creativity and problem solving skills of our students, we are organising '**Try with Tri**', an **intra-class tangram competition**. This competition is open to all, however, participation is optional. The guidelines of the competition are given below:

1. The student has to create any figure (using a maximum of 7 shapes) eg. house, hut, human beings, animals, birds etc.) using tangrams.
2. The participant can only use triangle, square and parallelogram to make the creation. Some shapes can be repeated.
3. The participant can use coloured or plain paper to make the shapes.
4. The creation should be pasted on a drawing sheet or A4 size sheet.
5. An appropriate name should be given to the creation.
6. The participant's name and class should be clearly mentioned on the sheet.
7. A good quality photograph of the entry to be clicked and mailed to the class teacher **by Monday, 26 July 2021 by 5.00 pm.**
8. Criteria for judgement:
 - Neatness
 - Creativity
 - Overall Presentation
8. The result of the competition will be posted on the school website on Saturday, 31 July 2021 by 12 noon.

Shruti Sharma
Junior School Headmistress

Winning is something, but participation is everything.
