July 2021

Dear Parent

Storytelling is an engaging and impactful way to establish crucial life skills in students. Classic stories like the Panchtantra Tales, engage students through creative visualisation and imagination. The focus is on students developing age-appropriate problem solving abilities by imagining themselves in place of the characters of the stories.

With this goal in mind, we are organizing a **Panchtantra based Problem Solving Workshop** on **Monday, 19th July, 2021** from **4.00 pm - 5.00 pm** on **Google meet**.

Key highlights of the session will be:

- Storytelling
- Character Visualisation
- Problem solving activities

The webinar will be followed by a Q/A session.

We request you to ensure that your ward attends this enriching training session.
