Dear Student

The academics and assessments have undergone an unforeseen change in the past one and a half years. In our quest to make the academics and assessments more relevant and meaningful, we are introducing an Interdisciplinary Research Study as part of your assessment for Mid Term. This interdisciplinary research approach aims at inculcating a more in-depth and research oriented dimension towards your academics and evaluation.

Enclosed are the following documents to help you navigate through your research study:

1. Framework of Research Study
2. Guidelines for Research Study Presentation
3. Guidelines for making a good PPT
4. Checklist for Research Study
5. Checklist for Class Presentation

With an aim to instill a rigorous approach towards academics and collaborative work skills, we look forward to your enthusiastic participation in this exercise.

Shafalee Gupta
