CIRCULAR FOR CLASS III

TIS/ VV/ 2021-22/061

August 2021

Dear Parent,

Emotional expression is an important skill which stays with us throughout our lives. It is best inculcated in the early developmental stages.

To acquaint our students with a more developed understanding of the wide range of emotions they go through and introduce them to emotional vocabulary, we are organizing a webinar on '**Introducing Emotions through Expressive Arts- Colour Therapy**'. It will be held on **Tuesday, 17th August 2021 at 4pm on Google meet**.

Key highlights of the session will be:

- Gaining awareness of emotions
- Understanding the range of emotions within us
- Becoming familiar with vocabulary related to the range of emotions that we display
- Learning to express emotions through different means
