October 2021

Dear Parents,

Aligning with our promise of empowering our students with skill based learning, we have planned an interactive session to inculcate the skill of goal setting for our young learners. Just like adults set goals and plan for themselves, we want our students to experience and understand the importance of what a goal is, how to design one and how to build on it through their individual efforts.

To help our students discover and train in the necessary skill set, we are organizing 'An Introduction to Goal Setting' on **Tuesday, 12 October, 2021** from **4.00 pm to 5.00 pm**. Kindly ensure your ward logs in to the link 10 mins prior to ensure no delays in the programme facilitation.

Key highlights of the session will be:

- Introduction to the concept of a goal
- Understanding what our goals are
- Designing and Planning for our goals
- Understanding a story based example of goal setting
