CIRCULAR FOR CLASS X

TIS/ VV/ 2022-23/006

April 2022

Dear Parent

- As per the CBSE guidelines, students of Class X can choose between two levels of Mathematics for the Board Examination - **Mathematics-Standard (Subject Code-041)** and **Mathematics-Basic (Subject Code-241)**. Your ward can decide on the level of Mathematics she/ he wishes to opt for depending upon her/ his aptitude and abilities in Mathematics.

Some important points that you are required to understand before making a choice are as follows:

- The syllabus, classroom teaching and internal assessment for both exams will remain the same so that the students get an opportunity to study the whole range of topics throughout the year.
- The difficulty level for the exam will be different. Mathematics Standard is the same as the existing one. Mathematics-Basic is the easier level of examination.
- The school will offer these two levels of Exam during the Revision Test (held in November- December) and Pre Board exam (held in December-January).
- The Standard level is meant for students who wish to opt for Mathematics at Sr. Secondary level and the Basic level is for students not keen to pursue Mathematics at higher levels.
- A student has the right to choose between the two levels of Examination at the time of submission of List of Candidates (LoC). Since the LoC has to be filled in August - September, the choice made by the student should be conveyed to the Class teacher by Wednesday, 20th April 2022.
- A student, who studies Mathematics-Basic in class X, shall be given an option to appear in Mathematics - Standard at the time of Compartment exams as per norms of the Board, in case she / he changes her / his mind to pursue Mathematics at Senior Secondary level.

We request you to assist your ward in opting for the correct level of Mathematics. Please fill the given form and submit to the class teacher by **Wednesday, 20th April 2022**.

Shafalee Gupta
