SUMMER PROGRAM

Dear Parents

We have always endeavored to provide Tagoreans with opportunities to enhance their skills & explore their latent talent through various programs. During the last summer vacation, we collaborated with GyanSthan Education Services, who had organised various training sessions for dance, personality development, and speaking skills. Our students enjoyed these sessions and based on the feedback, we are once again collaborating with them in order to provide a chance to our students to learn from experts and luminaries in different fields. Each of these programs will have a specific goal ensuring tangible results. The participants will receive a certificate from the Academy. The sessions will be held online as per the details given below:

The following programs are being offered for students of classes I to V:

<u>S.NO</u>	<u>PROGRAM</u>	<u>CONDUCTED BY</u>	<u>TIME</u>
