

**CIRCULAR FOR CLASS X**

TIS/ VV/ 2023-24/071

August '23

Dear Parent

- As per the CBSE guidelines, students of Class X can choose between two levels of Mathematics for class X Board Examination- **Mathematics-Standard (Subject Code-041)** and **Mathematics-Basic (Subject Code-241)**. Your ward can decide on the level of Mathematics, she/ he wishes to opt for depending upon her/ his aptitude and abilities in Mathematics.

Some important points that you are required to understand before making a choice are as follows:

- The syllabus, classroom teaching and internal assessment for both levels will remain the same.
- The difficulty level for the exam will be different. Mathematics-Basic is the easier level of examination.
- The school will offer these two levels of Exam during the Revision Test (held in November) and Pre Board Exam (held in December-January).
- The Standard level is meant for students who wish to opt for Mathematics in class XI and the Basic level is for students not keen to pursue Mathematics beyond class X.
- A student has the right to choose between the two levels of Examination at the time of submission of List of Candidates (LoC) for class X CBSE Board Examination. Since the LoC has to be filled in August-September, the choice made by the student should be conveyed to the Class teacher by Wednesday, 23 August 2023.
- A student, who studies Mathematics-Basic in class X will have an option to appear in Mathematics-Standard at the time of Supplementary exams as per norms of the Board, in case she / he changes her / his mind to pursue Mathematics in class XI.

We request you to assist your ward in opting for the right level as it will be difficult to change the option once LOC is submitted to CBSE. Please fill the given form and submit to the class teacher by **Wednesday, 23 August 2023**.

Dr. Parul Tyagi  
Principal

**MATHEMATICS STANDARD/ MATHEMATICS BASIC  
CHOICE FORM**
