CIRCULAR FOR CLASSES XI AND XII

TIS/ VV/ 2025-26/079

August 2025

Dear Parents,

We are organising an online psychometric assessment for the students of Classes XI-XII. This scientifically designed assessment will provide meaningful insights into your child's mental abilities, and learning preferences. The test will be conducted by 'RiarPro' at a fee of ₹1000. Registrations will remain open until Saturday, 31 August 2025, and the online test will be scheduled for Friday, 5 September 2025. Participating in this assessment will provide several benefits:

1. Personalized Guidance – The report will highlight your ward's strengths as well as areas where further growth is possible.
2. Future Readiness – The psychological profile will support informed academic and career-related decisions.
3. Individual Counselling – A one-on-one counselling session will be arranged for each child along with their parents to discuss the results in depth.

We strongly encourage you to register your ward for this meaningful opportunity to better understand and nurture unique potential.

For complete details and the registration link, please refer to the attached document.

Career Guidance Program

Many students in Classes 11 and 12 face uncertainty about career choices and higher education pathways, sometimes needing validation of their decisions, and at other times exploring better alternatives. Our Career Guidance Program is designed to address these exact needs with clarity and confidence.

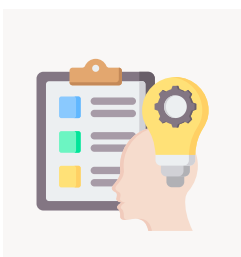

The Program includes:

Psychometric Assessment

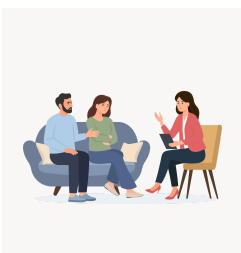

- A scientific, standardized test battery that evaluates a student's aptitude, personality traits, interests, work values, scholastics interests and abilities.

Detailed Personalised Report

- A personalized report that translates assessment results into actionable insights. It explains suitable subject combinations, potential career options, and whether current choices align with the student's profile.

1 on 1 Counselling Session

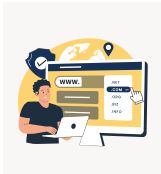

- An interactive session with an expert counselor who interprets the report, answers questions, validates choices, and guides the student toward practical academic and career pathways.

Program Benefits

- Reduces uncertainty and confusion about future careers
- Validates existing academic and career decisions
- Provides clarity and direction for higher studies
- Bridges the gap between strengths, choices, and opportunities
- Offers parents peace of mind by aligning education with realistic career goals
