VASANT VIHAR, NEW DELHI-57

CIRCULAR FOR CLASSES NURSERY TO XII

TIS/ VV/ 2025-26/110

October 2025

Dear Parent,

The current air quality levels in our city have reached alarming levels, posing serious health concerns for children. To ensure a safe and healthy learning environment, some parents have requested for the installation of air purifiers in all classrooms.

However, given the high costs involved, it is not financially feasible for the school to procure these units. Each classroom requires two purifiers (approx. ₹10,000 each). The school can bear the electricity and maintenance costs of the purifiers.

We will be able to procure the purifiers only if **ALL parents** (excluding EWS students) give their consent to make a one-time payment of approximately ₹600. It will be added to the fee bill of December.

Your cooperation in this collective effort will help us safeguard our students' health and create a cleaner, more conducive environment for learning.

We request you to fill in the consent form given in the link by Friday, 31 October, 2025 by 12:00 noon.
